EXPERIENCE

|

-  Graphic Design (2021 to date) - Illustrations used in content for a Brazilian NGO and a coloring book for a client that is now for sale on Amazon: using **Adobe Illustrator, Adobe InDesign**
-  Web Design (2019 to date) - I've created multiple websites for different international clients doing freelance projects, including being employed by Margins Design a US-based company: using **HTML5/JS/CSS, WordPress, Elementor, Next.js, React,**
-  Photography (2019 - 2021) - I have done freelance wedding photography, event photography and real estate photography that included clients like Curro
-  Branding (2019 to date) - I have designed different logos and visual identities for clients in several industries using: **Adobe Illustrator, Adobe Photoshop, Figma**
